### HEART TO HEART TALK

PRESIDENT INVITES COAL OPER-  
ATORS AND MITCHELL TO  
CONFER WITH HIM.

MEETING TO OCCUR FRIDAY

Chief Executive Will Then Appeal to  
Both Sides to Come Together as  
Men and Put an End to the Strug-  
gle Which Is Fraught With Much  
Threat of Misery to Thousands of  
People.

Washington, Oct. 2.—President Roosevelt will make an effort to bring the anthracite coal owners and their striking employes together in the interest of the public good. This conclusion was reached after a series of conferences with the cabinet advisors covering two days. The decision was arrived at when the lawyers of the cabinet informed the president that there was no way, under the Constitution and the form of government of the United States, for federal intervention to end the strike. Every phase of the situation was canvassed and the determination to have the mine operators and President Mitchell meet the president was reached when it was found that no other method was open. At the conclusion of the conference, which was attended by Secretaries Root, Shaw and Moody, Attorney General Knox and Postmaster General Payne, at the temporary White House, the following statement was issued:

"The following telegrams are the result of the conferences between President Roosevelt and members of the cabinet:

"To George F. Baer, president Reading railway system, Philadelphia, Pa.; W. H. Truesdale, president Delaware, Lackawanna and Western Railroad company, 25 Exchange place, New York; E. B. Thomas, chairman of the board Erie Railroad company, 21 Cortland street, New York; Thomas P. Fowler, president New York, Ontario and Western Railroad company, 66 Beaver street, New York; R. M. Oilphunt, president Delaware and Hudson, New York; John Markle, 527 West Thirty-fourth street, New York: "I should greatly like to see you on Friday next, Oct. 3, at 11 a. m., here in Washington, in regard to the failure of the coal supply, which has become a matter of vital concern to the whole nation. I have sent a similar dispatch to Mr. John Mitchell, president of the United Mine Workers of America.

"THEODORE ROOSEVELT."

"To John Mitchell, president United Mine Workers of America, Wilkes-barre, Pa.: "I should greatly like to see you on Friday next, Oct. 3, at 11 a. m., here in Washington, in regard to the failure of the coal supply, which has become a matter of vital concern to the whole nation. I have sent a similar dispatch to the presidents of the anthracite coal companies.

"THEODORE ROOSEVELT."

At the meeting Friday the line of approach toward the settlement of the strike will be an appeal by President Roosevelt to

Both Sides to Come Together as men and not to allow false pride or a feeling of obstinacy to stand in the way of the termination of the great strike which is fraught with much threat of misery to thousands of people. It is stated by one of the president's advisors that beyond this the president cannot go, as he has no powers of compulsion to bring into play against either side and he must rely upon his persuasive abilities, of his appeals to their sense of humanity, if anything tangible is to be accomplished.

The president intends to lay before his hearers the situation as it appears to him with all the prospective horrors that will follow a fuel famine, and will urge them in the interests of humanity to open the mines and supply the demand for coal. The president has taken this action because he feels it to be his duty to do so, as the executive head of a nation, threatened with great peril. The president has in a sense, taken upon himself the burdens of an arbitrator in this great dispute between capital and labor, and though the arbitration is not compulsory and it is not even known under the name of arbitration in any of the invitations issued it is the hope of the president and his advisors that it will be effective. Just how no one can say, though there is the suggestion of a temporary arrangement which will tide over the cold weather.

It is stated by a member of the cabinet that there is

No Political Purpose in this effort, but that the president is moved to exert his influence solely in the interests of the people.

In the other attempts, it is said, the operators felt that politics was the most prominent motive. In this connection the story is revived of the settlement of the strike in 1900. The operators claim that when that strike was settled, under stress of a political exigency, the way was paved for the present strike. They also claim that the strikers have hoped that political influence would again be exerted in their behalf and the operators com-

mitted to make further concessions. The efforts of Senators Quay and Penrose of Pennsylvania and Senator Platt of New York and Governor Stone of Pennsylvania have been pointed out as a verification of the claim of the operators. All this they have asserted is due to the settlement which was made in 1900. All these various questions have been discussed during the past few days, together with the legal situation and the power of the federal administration in the premises and the conclusion was reached that the president could do more by bringing the interested parties together than in any other way.

There will be no one present at Friday's meeting at the temporary White House but the principals. It is true that Friday is cabinet day and that 11 o'clock, the hour appointed in the invitations for the

Meeting of the Magnates,

is the usual hour of assembling of the cabinet, but, according to the present understanding, the cabinet meeting will be postponed. The purpose of the postponement is plainly to relieve the invited guests from the feeling of reserve that might naturally be created if they appeared before the entire cabinet, including some exceedingly clever lawyers, whom the coal people might not care to meet in a business way in the absence of their own legal advisors. So the absence of the cabinet will give the president an opportunity to do just what he wants, namely, to have a good, heart to heart talk with the operators and Mr. Mitchell, to induce them to talk to each other freely and to reason quietly and soberly, and, finally, to agree if possible to make concessions on each side which will terminate the strike. And, at least, if this last object cannot be directly attained, it is hoped that the foundation may be laid for an agreement in the near future, perhaps an agreement between the principals to have further meetings and perhaps to refer open issues between them to third parties.

It is stated positively that the president has no assurance from either side which formed the basis of his call for this meeting.

SOME PROMPTLY RESPOND.

Several Operators and Mr. Mitchell Accept President's Invitation.

Washington, Oct. 2.—President Roosevelt's proposition for a gathering here Friday of representatives of the coal companies and coal operators and the miners met a prompt response from a number of the men to whom invitations were sent. During the day the president received replies to his invitations from President John Mitchell of the United Mine Workers; President George F. Baer of the Reading Railway system and one or two others. Mr. Baer's prompt reply to the president's suggestion was particularly gratifying to Mr. Roosevelt, as it was believed that in all probability his acceptance will insure favorable replies from other officials who were invited. Mr. Baer has acted as the spokesman for the operators in the various statements that have been put forth from time to time in reply to the miners' representations and it is realized that his influence will be a potent factor in any conferences that may take place. The president is expressing the keenest interest in the coming gathering and expresses the sincere hope that it will result in steps that will bring about the cessation of the strike.

WORE A BROAD SMILE.

President Mitchell Highly Delighted With Conference Invitation.

Wilkes-barre, Pa., Oct. 2.—If the broad smile which President Mitchell wore when he opened President Roosevelt's telegram inviting him to the White House conference at Washington Friday was any indication he was highly delighted with the president's message.

The receipt of the message from President Roosevelt was a great relief at President Mitchell's headquarters as the suspense for the past forty-eight hours has been intense. The general impression is that the conference will agree upon a plan to settle the strike satisfactory to both sides.

POLICEMEN GUARDING IT.

Carload of Anthracite Coal Arrives in Washington for White House.

Washington, Oct. 2.—The first carload of anthracite coal received in Washington since the beginning of the coal strike arrived here during the day. It is held for the use of the White House and on its arrival several policemen were detailed to guard it.

Mine Strike in Alabama.

Birmingham, Ala., Oct. 2.—At the refusal of several miners to allow \$1 taken from their wages for the benefit of the striking anthracite coal miners in Pennsylvania and the compliance of the paymaster of the Tennessee Coal and Iron company with their wishes, has caused a suspension of work by 1,500 miners employed by that company.

OFFER TO COMPROMISE.

Alleged Advance Made by One of the Stratton Will Executors.

Colorado Springs, Col., Oct. 2.—Judge Gunnell, counsel for W. S. Stratton's heirs, has authorized the statement that an offer of a compromise had been made by Carl R. Chamberlain, one of the executors. The counsel for the executors, however, insist that nothing of the kind is under consideration and that nothing of the kind can be done unless the executors wish to pledge to young Stratton a portion of their own fees.

### SLATE GOES THROUGH

NEW YORK DEMOCRATIC CONVEN-  
TION NOMINATES A COM-  
PLETE STATE TICKET.

BIRD S. COLER AT ITS HEAD

Although So Strenuous in Its Final  
Hours as to Bring Almost Personal  
Conflict the Meeting Terminates in  
Perfect Harmony—Ex-Chief of Po-  
lice Devery Unseated by an Over-  
whelming Majority.

Saratoga, N. Y., Oct. 2.—A conven-  
tion so strenuous in its final hours as  
to bring almost personal conflict, and  
yet terminating in such perfect har-  
mony as to allow completion of the  
state ticket with less than a hundred  
delegates out of 450 in the hall, was  
the result of the Democratic state con-  
vention.

It began in the early morning with  
a prepared slate of candidates. The  
slate was not broken in any particular,  
but the right of objection to it was  
given to all the delegates except  
when, in the case of one New York  
delegate, it was believed to be an in-  
fringement of the rules under which  
the convention was acting. Following  
is the ticket:

Governor, Bird S. Coler, Brooklyn;  
lieutenant governor, Charles N. Bul-  
ger, Oswego; secretary of state,  
Frank Mott, Chautauque; comptroller,  
Charles M. Preston, Ulster; attorney  
general, John Cannon, Erie; state en-  
gineer, Surveyor Richard W. Sher-  
man, Oneida; state treasurer, George  
R. Finch, Warren; associate judge of  
the court of appeals, John C. Gray,  
New York.

Naturally a great deal of the inter-  
est in the convention centered in the  
seating of William S. Devery, former  
head of the police department of New  
York, who held a regular certificate  
of election from the Ninth district. It  
was not an unexpected event that the  
convention decided to unseat him; and  
it was not also unexpected that he  
and his followers were vociferous in  
their objections.

So thorough had Mr. Devery made  
up his mind that the convention  
would have none of him, that he did  
not attend the meeting of the com-  
mittee on credentials but spent the  
earlier hours of the morning in the  
rear of the convention hall an-  
nouncing his attitude.

Devery Leaves the Hall.

When the convention decided to  
adopt the report of the committee by  
the vote of 422 to 21, then Mr. Devery  
walked out of the convention after be-  
ing allowed to declare himself a good  
Democrat and proceeded to hold a  
mass meeting on the steps of the  
United States hotel. He was assisted  
in this by James Graham, of the Long-  
shoremen's association of New York,  
and Richard Butler, of the United  
Bridge Workers of New York.

Then Mr. Devery started for home  
and threatened all sorts of disasters  
for the ticket, but halted long enough  
in his denunciations of the leaders to  
assert that he was a good Democrat.

Perhaps the most dramatic situa-  
tion during the long hours of the con-  
vention was the refusal to hear the  
opposition that developed to Mr. Coler  
from the Third district of Kings and  
from New York city. Moses Wafer  
of Kings and one other delegate at-  
tempted to make speeches in opposi-  
tion, but the objection of various dele-

gates and the attitude of the chair in  
ruling them out of order at that time  
forbade them continuing. But when  
Mr. Coler's name had been placed in  
nomination and the nominations  
closed, Mr. Nathan Straus of New  
York arose and offered objections to  
Mr. Coler. He was allowed to go to  
the platform to present them and he  
requested, in an eminently fair man-  
ner, the privilege of talking. He had  
hardly begun, however, to state his  
objections when he was roundly hissed,  
and finally, upon motion of Dele-  
gate Milne, was ruled out of order.  
The Straus incident ended objections  
to the ticket and the rest of it was  
nominated without any question or  
objection whatever.

GARVIN FOR GOVERNOR.  
Rhode Island Democrats Nominate a  
State Ticket.

Providence, R. I., Oct. 2.—The Dem-  
ocrats made memorable their state  
convention here by a harmonious dis-  
play of enthusiasm not equalled in  
ten years; the potent factor at issue  
being the contest for the gubernatorial  
nomination, which was won by Dr. L.  
F. C. Garvin of Cumberland over  
Mayor J. J. Fitzgerald of Pawtucket.  
Dr. Garvin's majority was eighteen  
votes. The rest of the state ticket is  
as follows: Lieutenant governor,  
Adelard Archambault, secretary of  
state, Frank F. Fitzsimmons; attorney  
general, Dennis J. Holland; general  
treasurer, Clark Potter.

VERMONT'S NEW GOVERNOR.  
General John G. McCullough Chosen  
by the Legislature.

Montpelier, Vt., Oct. 2.—The legis-  
lature, in convention assembled, dur-  
ing the day elected as governor, Gen-  
eral John G. McCullough, Republican,  
of Bennington. At the polls General  
McCullough failed to receive a major-  
ity of votes, although receiving the  
largest number of popular votes cast.  
Z. S. Stanton, Republican, of Roxbury,  
was elected lieutenant governor.  
The choice of General McCullough  
came as the climax to a day of ex-  
citement and great enthusiasm.

Michigan Forger Gets Twelve Years.  
Muskegon, Mich., Oct. 2.—Luther  
W. Shear, former prominent church-  
man and insurance agent, who plead-  
ed guilty to the charge of forgery ap-  
proximating \$25,000, has been sen-  
tenced to twelve years at the state  
prison at Jackson.

SUING SILK IMPORTERS.

Government Seeks to Recover Over a  
Million for Fraudulent Entries.  
New York, Oct. 2.—General Burnett,  
the United States district attorney,  
has commenced suit in the United  
States district court against A. S.  
Rosenthal and Martin L. Cohn, com-  
prising the firm of A. S. Rosenthal  
& Co., silk importers, to recover the  
sum of \$1,935,899. This sum, it is  
alleged, represents the amount, to-  
gether with penalties, lost by the gov-  
ernment in connection with the  
alleged fraudulent entries of Japanese  
silks, with which Rosenthal and Cohn  
are charged.

KILLED A RUSSIAN CONSUL.

Ruined Murder by Albanians in  
European Turkey.

London, Oct. 2.—In a dispatch from  
Vienna in which he refers to the  
Macedonian revolt, the correspondent  
of the Daily Express reports that  
Albanians have murdered the Russian  
consul at Uskub, European Turkey.

Engineer and Fireman Killed.

Colorado Springs, Colo., Oct. 2.—A loco-  
motive on the Rio Grande exploded at  
Monument. The engineer and fire-  
man were killed.

### MANY OF THE FIGHTERS HURT.

Two Rival Factions Engage in a  
Fierce Conflict in New York.

New York, Oct. 3.—A standing  
feud between two rival factions, one  
living in the Ghetto and the other near  
the Chinese quarter in this city, came  
to an open battle during the night.  
Nearly 200 persons were engaged in  
a riot which became so fierce that the  
police reserves were called out. Clubs,  
revolvers, knives, bricks and stones  
were used by the rioters and many of  
the fighters were hurt. Thirteen ar-  
rests were made. During the fighting  
the residents in many blocks were in  
a state of terror and it was three hours  
before quiet was restored.

The immediate cause of the fight  
was the beating of Mike Dove, belong-  
ing to one of the factions. He was  
so badly hurt Sunday night that he  
died and his associates determined to  
avenge his death. The locality will  
be patrolled until daylight to prevent  
a recurrence of the outbreak.

### POISONED BY ARSENIC.

Father, Mother and Five Children Ly-  
ing at Point of Death.

Vincennes, Ind., Oct. 3.—Hudson  
Autler, his wife Emily and five chil-  
dren are lying at the point of death  
from arsenic poisoning at their home  
in this city. The case is couched in  
mystery. The Autlers are remarkably  
robust and were in the best of health  
until they dined during the day, when  
all became violently ill, excepting  
a younger son, Ralph, who declined to  
partake of a dish of beans. That there  
seems to have been a plot to murder  
or seek revenge on the Autlers is dis-  
closed by the fact that expert ex-  
amination of the beans disclosed the  
presence of the deadly drug. The au-  
thorities are investigating the case.

### VERY PECULIAR CASE.

Butte Police Aid in Abducting a  
Chinese Man's Wife and Child.

Butte, Mont., Oct. 2.—The Inter-  
mountain says that Chin Quin, a local  
Chinese merchant, whose wife and  
child were kidnapped Monday night,  
has filed papers against the local  
police for entering his house without  
a warrant and charges that they and  
Mrs. A. A. Brown, a teacher in a  
Chinese rescue mission, conducted by  
the Presbyterian church in San Fran-  
cisco, forcibly entered his home and  
carried away his wife and child.

The police here were told that the  
women were mistreated and upon  
representation of Mrs. Brown went  
with her after night and made the  
alleged abduction. Now the police are  
anxious to interview Mrs. Brown again,  
but no traces either of her or the  
missing woman and child can be  
found. Chin Quin declared that a  
San Francisco man who is in love  
with his wife instigated the abduction.

### ON A FORGERY CHARGE.

"Boy Editor" Taken Into Custody at  
St. Louis.

St. Louis, Oct. 2.—Richard E.  
Murphy, thirteen years old, of Jef-  
ferson, Mo., while a resident of St.  
Joseph, Mo., gained considerable no-  
toriey as the "boy editor," and who  
went to Washington and secured per-  
sonal interviews from President Mc-  
Kinley and a number of other states-  
men which he published in his own  
paper, has been arrested here on the  
charge of forgery. Recently a money  
order of the Pacific Express company  
was stolen at Campbell, Mo. Murphy  
acknowledged to detectives that he  
had filled out this order for \$45.00 and  
had it cashed at the Germania Trust  
company. But he refused to tell  
where he got the blank order.

For Representatives, 48th District.  
H. A. RIDER.  
I. W. BOUCK.

The Sixth congressional district cannot afford to elect a free silver democrat to congress.

There isn't any doubt of the election of the entire republican legislative ticket but the majority should be made as large as possible.

In Duluth the office seekers got together after election, compared notes, and found that they had been worked by the professional ward healer. Several of the defeated ones had the same men on their pay roll and a black list is the result.

DULUTH is certainly putting up a strong claim as being the hunter's paradise, no less than twelve black bear having been killed within the city limits this fall, and now a man jumps astride a wild moose and rides him from the wilderness right up to the town pump. Those Duluth fellows are liable to overdo this business if they keep on.

The election of C. B. Buckman to congress from the Sixth district means much to the citizens of Brainerd and Crow Wing county. With his election we have practically a home man at the seat of the national government and one whose every attention will be given to legislation affecting this section. There should be no question as to which candidate to vote for, regardless of politics if you have the interest of the city and county at heart.

DR. BARCOCK, of Wadena, is spoken of as a possible candidate for speaker of the house at the coming session of the legislature and while the gentleman has made no move in that direction, and undoubtedly would not until after election, the suggestion is a good one and will meet with favor especially among the people of the northern portion of the state. Dr. Babcock has had the experience necessary, is a level headed man under all circumstances, and would fill the position with credit to himself and his colleagues.

COL. FOSTER who made such a gallant fight for the republican congressional nomination in this district has certainly set a good example to the gentlemen who supported him by coming out squarely for the republican ticket. The district is republican and Mr. Foster appreciates the need of electing a republican to congress. His action in the matter has made him the stronger with the voters in this district should he aspire at any future time for political preferment. Mr. Buckman, the nominee, is entitled to the united support of the party and with it there is no fear of the result.

## WOULD HAVE THE RATE REDUCED

State R. R. Commission in Session at the Arlington Hotel This Afternoon.

## THE PASSENGER RATE OF M. & I

Is to be Considered by the Board, Protest Having Been Filed Last Spring.

Ira B. Mills' of Moorhead, J. W. Miller, of Two Harbors, and Chas. F. Staples, of St. Paul, members of the state warehouse and railroad commission arrived in the city this afternoon and are holding a session at the Arlington hotel. The meeting in the city at this time is being held for the purpose of considering a protest which was filed with them early last spring by W. H. Hallett, of Pequot. Among other things in the protest, Mr. Hallett wants to know why the passenger rate now in force on the M. & I., four cents a mile, should not be reduced to three cents, the same as on almost every other line in the state. It is claimed that the rate is higher than on any other road in the state not excepting the iron ore roads in the northern part of the state which are controlled by the trusts.

The commission in company with General Supt. Kimberly, of the Northern Pacific, accompanied by Assistant Counsel Kerr, has been examining the records of the office of the M. & I. this afternoon and it is more than likely that the result of the investigation will not be known until the facts submitted are thoroughly gone over.

It is understood that the protest which was filed with the commission includes some other questions. Mr. Hallett is said to have charged that the service on the road was not commensurate with the rate charged and the amount of business done in the passenger department; that the cars were not well kept and the traveling public subjected to some rather serious inconveniences.

There are those who believe that the road rightly holds the rate up to four cents a mile, for there was a long time when their passenger traffic was small and they penetrated a country that at the time seemed very poor but which has later been developed largely on account of the road.

D. M. Clark & Co., largest Installation House in city. Goods sold on easy terms.

An amusing occurrence at Park Rapids was the removal of a building with the occupants from a lot although the tenant stood watch with a shot gun. A telephone crew hitched onto the building and yanked it out before the boy with the gun had time to think.

## WILL MOVE NEXT WEEK.

E. C. Bane is Rushing the Contractors on His New Brick Block on Seventh Street.

The first of the week E. C. Bane will move from his present quarters in the Cale block, to his new building at 220 Seventh street south. He has decided to put in a big stock of groceries along with his meat market and a \$2000 stock now awaits his disposal in the N. P. freight house. He will have one of the swellest retail stores in the city when he gets settled.

Now is the time to buy your fall suit and overcoat. We have many new styles to show you.

## WRECK NEAR SAUK CENTRE.

Great Northern and Northern Pacific Freight Trains Come Together on a Crossing.

A. L. Hoffman returned this afternoon from Sauk Centre where he has been on business. He tells of a very bad wreck at the crossing of the Great Northern and Northern Pacific lines near that city last night about 10:30 o'clock. It seems that when an extra on the N. P. going south was crossing the G. N. track that a freight from the east came thundering along and bumped square into the other train. The result was a most damaging upheaval. Some nine or ten cars were demolished into little bits and piled in one mass of debris, the Great Northern engine being literally covered. The fireman and engineer made their escape from the debris without being injured in the slightest degree, which was considered a miracle. None of the other trainmen were injured.

We show a big line of children and boys shoes for fall wear. They are the best in the market.

THEY NETTED \$313.90.

Trades and Labor Assembly Figure Up What they Made At the Benefit Dance and Entertainment.

There was a meeting last night of the Trades & Labor Assembly in their hall, called for the purpose of settling the business in connection with the recent benefit ball and concert for the Pennsylvania coal strikers. The net amount of the receipts for the strikers \$313.90, and a draft for the amount was sent east today.

A vote of thanks was tendered those who took part and assisted in the program of the concert, also to S. R. Adair, C. H. Kylo and R. D. King for generous donations from which neat sums were netted. A vote of thanks was also tendered to Robert Angel and C. M. Patek for the use of chairs.

Another meeting, a special, will be held in Trades and Labor hall on Friday evening. Business of importance will be transacted and a large attendance is desired.

## THE GROCERS HAVE FORMED COMBINE

They Say There will be No More Slashing and Cutting of Prices of Staples.

### CON O'BRIEN IS PRESIDENT.

Said that One Grocer is Not in the Ring and Will Not Go In.

In these times of combines and trusts, when the concentration of capital and interests seem to weave together as natural consequences, Brainerd proposes to follow in the wake and not be behind the times. A meeting of the groccymen has been held that has inflated to life an organization which will be known in the future as the Retail Groccers' Association. Con O'Brien is the president, and Howard Paine is secretary.

It is presumed that the object of the association is to stop the slashing and cutting by the merchants on certain staple articles, such as sugar, soap, etc. They have gotten out a card with the price of these articles on which all the groccymen belonging to the association are in duty bound to follow. It is claimed for the association that it will be a great benefit to the consumer as well as the merchant.

From some quarters there is a howl over the association. One groccyman is not in the deal and it is claimed that unless he gets on the band wagon that it will be difficult for him to buy goods after awhile. It is thought there will be some fun in sight.

The merchants who have joined

## RAIN DID NOT HINDER.

The Large Number of People Attending St. Francis Church to Hear Rev. Father Robert.

Last night again St. Francis was packed to overflowing and although at 7 o'clock the rain was pouring down in torrents, crowds of men and women could be seen wending their way to the church. The regular arrangement was carried out, Father Hayden talking for a few moments at the opening and Father Robert closing with a discourse. The latter's subject last night was "Judgment", and those who missed this missed the treat of a life time. Father Robert seemed more fervid than ever last night and the subject gave the speaker great scope for his oratorical flights which at times bordered on the dramatic. He dealt with the subject in a most scholarly manner and carried his audience to and fro with a magnetic sway. Starting out with some historical facts regarding beliefs held as to when the world was to come to an end, and when the day of reckoning would be announced, he followed on with his own ideas upon the question. Father Robert believes that we now live in the last lapse of the Apostolic period and that the end of the world is not far off. His reasons for this belief were many, but the one upon which he laid greatest stress, and after the reciting of which he took occasion to score in a dramatic manner what is termed as the "upper crust" of society in this country today, was the immoral status of the world.

He very plainly spoke his views of the matter and the audience trembled in their seats. He said that the average society woman of today was a murderess in that she committed the crime before her babe had a chance to be baptized, and in his

the association feel that they are in a good thing from the point of protection for themselves, not only being protected from cuts but in other ways as well.

## SIXTH DISTRICT VOTE IN 1900.

Stood From 3,000 to 5,000 Republican on National Issues.

The Little Falls Transcript has compiled a table of the vote on congressman and president in the counties comprising the Sixth congressional district which is given below:

"Now that the republican and democratic nominees for congress in the new Sixth district of Minnesota are in the field, and the campaign in progress, it will be interesting to note the vote on congressman in 1900 in the twelve counties now composing this district. Ten of the counties in the new district were in the old Sixth, and the votes in those counties were those cast for Morris and Truelsen and the vote in Douglas county was for Eddy, republican, and Daly, democrat, and in Meeker for Heatwole, republican, and Schaller, democrat. The vote on president in this district at the last campaign will also be interesting. The following table will give the vote in this district in 1900:

## "NORTH COAST LIMITED"

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.

This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

## DESTROY MORO FORTS

### MEN UNDER CAPTAIN PERSHING CAPTURE A DIFFICULT NATIVE POSITION.

### ONE STRONGHOLD UNTAKEN

At the Time a Courier Left the Americans Were Preparing for the Assault—Moros Lose Twenty Men Killed and Many Wounded—No Casualties Whatever Occur in the Attacking Column.

Manila, Oct. 2.—The Maciu Moros in Mindanao have offered but slight resistance to the column under Captain Pershing of the Fifteenth cavalry. After a series of skirmishes on Monday and Tuesday of this week, the Moros retreated into six forts on the shores of the lake. When a courier left Maciu for Camp Vicars Captain Pershing was preparing to assault the last Moro stronghold.

The American column reached the former camp at Maciu Sunday night. On Monday the Moros opened fire on them with a brass cannon and rifles from a series of new forts which had been erected since Captain Pershing's first visit to the place. The battery under Captain William S. McNaughton scaled a ridge commanding the position of the Moros and shelled them out.

The engineers under Captain Jay J. Morrow had constructed a trail over the swamp flanking the Moro position. The men of Captain Pershing's column crossed the swamp by the trail and captured and destroyed three of the Moro forts. The Moros stood but a short while, and ran as soon as the artillery opened on them.

Captain Pershing has been ordered to destroy the forts unless the Moros make peace. Twenty Moros were killed and many were wounded. There were no casualties among the Americans.

The letter of General Sumner, in command on Mindanao, to the Maciu sultans has been delivered.

### LIBERAL NAVAL ESTIMATES.

Amount Aggregates Nearly Eighty-two and a Half Millions.

Washington, Oct. 2.—The feature of the naval estimates for 1904, which were made public during the day at the navy department, is the liberality of the recommendations for each of those branches of the service which have to provide for the equipment of fighting ships. A careful study of the estimates show that while all of them have been kept well down, comparatively speaking, a looser rein has been given to everything which will maintain and raise the standard of our fleet. A great increase is noted in the estimates of the ordnance bureau for target practice ammunition, due to the coming maneuvers in the Caribbean. Another noteworthy feature of that bureau's estimates is provision for a civilian superintendent for the government gun factory at Washington, at \$3,000 a year. Rear Admiral O'Neil holds that the temporary occupancy of that post by naval officers is not for the good of the service. The estimates aggregate \$82,462,030.58.

### MURDERED BY BULGARIANS.

One Hundred and Fifty Greek Notables Killed in Past Two Months.

Constantinople, Oct. 2.—The Greek legation has informed the porte that 150 notables were murdered by Bulgarians in the district of Monastir and Salonica during the last two months and has asked what steps Turkey proposes to take for the protection of Greeks.

The Turkish troops sent in pursuit of the Albanian insurgents, chiefs, Mustapha Agha and Kurkupapirva, who destroyed the railroad between Hakub and Mitrovitz, have driven the Albanians into the mountains and have pillaged and burned the Albanian towns of Babronitch and Kuprula.

### NATIONAL GRAIN DEALERS.

Seventh Annual Convention Opens at Peoria, Ill.

Peoria, Ill., Oct. 2.—The first day's session of the seventh annual convention of the Grain Dealers' National association was devoted entirely to listening to welcome addresses, and the annual address of the president. Responses to the addresses of welcome were made by James C. Gorman of Baltimore for the East, C. D. Jones of Memphis for the Southeast, E. S. Woodworth of Minneapolis for the Northwest, and G. J. Gibbs of Clifton, Tex., for the Southwest.

President B. A. Lockwood of Des Moines, Ia., then delivered his annual address.

### SNOWING IN COLORADO.

Depth of Two Feet of One Point and Still Falling.

Denver, Oct. 2.—The first snow of the season began falling here at 9 o'clock p. m. It had been raining all day. The weather is not cold, and the snow melts as it falls.

Specimens from the mountain portions of the state show that one of the heaviest snow storms ever known at this season of the year has prevailed all day. At St. Elmo, near the summit of the Continental divide on the Colorado and Southern railroad, two feet of snow has fallen and the storm is still raging.

### Thousand Dollars for a Thumb.

Laverne, Minn., Oct. 2.—In the district court Martin C. Dietrich was awarded \$1,000 damages against Jacob D. Fender. The suit was brought for \$10,000 damages for biting off a portion of the plaintiff's thumb in a fight, some months ago.

### EX-CHIEF AMES FOUND GUILTY.

Minneapolis Jury Convicts Him of Extortion for Police Protection.

Minneapolis, Oct. 2.—Judge Brooks was sitting in the trial of John Bennett for grand larceny when at 4:30 p. m. a bailiff announced that the Ames jury, which for twenty-two and a half hours had been considering the guilt or innocence of ex-Chief of Police Ames, tried on a charge of extorting \$15 from Addie Mills for police protection, had at last arrived upon a verdict. Judge Brooks immediately adjourned the trial and summoned the defendant and the attorneys to appear in court.

As the jury filed into the room Ames and his wife scanned their faces in a pathetic endeavor to read the verdict, but not a jurymen looked their way. Judge Brooks asked the usual question and the foreman answered that a decision had been reached. Amid intense stillness the verdict was opened and read.

Clerk Ryberg read the verdict, which declared the accused guilty and a poll of the jury was taken.

Ames is now under bonds to the amount of \$7,500, under which he will be at liberty until 10 o'clock a. m., when he will appear in court for sentence. His attorneys will then make a motion for a new trial and a stay in execution pending an argument. The maximum penalty for the crime of which Ames stands convicted is ten years imprisonment or a fine of from \$1,000 to \$5,000 or both. The minimum is two years and fine or both. In addition, the convicted man is forever disqualified from holding any office in the state.

### HAD BEEN DEAD FOR DAYS.

Body of a Young Woman Found in a Harlem Apartment House.

New York, Oct. 2.—The body of Jennie Larsen, twenty years old, was found in the apartment of Louis Appleord, on the third floor of a tenement in Harlem during the day. She had been dead for days, according to a medical expert. The body was mutilated and much decomposed, and gas filled the room where it was found. Despite the gas and stench, which first revealed the tragedy, Appleord, in a dazed mental condition, was in the room when it was entered by the police.

Dr. Donovan, who examined the body, found that the abdomen had been gashed in several places. He said he believed the woman had been dead five or six days, and it was his belief that she had been the victim of a criminal operation.

Appleord was arrested. It was learned from his incoherent talk that the young woman was his niece. He had caused her to come from Denmark ten days ago, he said, to be his housekeeper.

### ON CHARGE OF CONSPIRACY.

Grand Jury Indicts Three Railway Companies at Waterloo, Ia.

Waterloo, Ia., Oct. 2.—Indictments have been found by the grand jury against the Rock Island, the Chicago Great Western and the Illinois Central railroads on the charge of conspiracy.

The cases are brought up to test the new demurrage rules which the companies have jointly had in force in Iowa since Aug. 1. It is claimed that under the state law, which forbids corporations to combine for the purpose of fixing the price of commodities, the railroads can be held liable. This case involves charges of \$5 for the holding of a car beyond the forty-eight-hour limit made against a lumber firm.

The decision will have the effect not only in Iowa, but in other states where the demurrage system is in force.

### DECAPITATED BY A CAR.

Nonunion Miner Murdered and Placed Across Street Railway Tracks.

Scranton, Pa., Oct. 2.—John Mullen of Pittston, a nonunion miner, who has been working in Carbondale, was run over and decapitated by a trolley car at Smithville. It is believed that he was stunned by a blow, or killed and then placed on the track.

The night watchman at the Heldberg colliery says he heard a scuffle at this point shortly before the car came along, and the motorman of the car states positively that he saw the form lying on the track as the car was almost upon it, and that it was covered with blood.

### GOT IN FRONT OF THE CAR.

Woman Killed and Man Fatally Hurt in Milwaukee.

Milwaukee, Oct. 2.—By driving in front of an electric car, a woman, on whose clothing was found a slip of paper bearing the name of Miss Waldo, was killed, and a man who was identified as A. S. Sopner, of Racine, Wis., probably fatally injured here during the day. The car was going at a fast rate when the buggy containing the man and woman came to the crossing and got in front of the car.

### HEINZE'S WORK IN MONTANA.

His Fusion Committee Joins Forces With Amalgamated Republicans.

Butte, Mont., Oct. 2.—Heinze's fusion committee, consisting of representatives of the Labor and Populist parties, has joined forces with the Amalgamated Republicans, in an effort to defeat Senator W. A. Clark, by endorsing Judge W. L. Holloway for associate justice of the supreme court, and Martin Dee for congress, both nominees of the Amalgamated Republicans.

### Killed by a Live Wire.

Brownsville, Pa., Oct. 2.—Tearing down old buildings caused a fire entailing a loss of \$20,000 and one life, that of Robert Johnson, of Columbus, O., who met death by coming in contact with a live wire.

### Boer Leaders to Visit America.

Cape Town, Oct. 2.—Generals Kruger, Fouché and Joubert, the Boer commanders, sailed from here during the day for England on their way to the United States, where, it is said, they intend to go on a lecturing tour.

### STOCKHOLDERS TO MEET DEC. 7.

Judge Caldwell Decides Colorado Fuel and Iron Company Case.

Denver, Oct. 2.—Judge Henry C. Caldwell in the United States court during the day decided the case of George F. Bartlett against Gates, Blair and Mitchell and the officers of the Colorado Fuel and Iron company. This is the case in which Bartlett obtained an injunction preventing the stockholders meeting of Aug. 29 from being held and in which Gates and his associates filed a cross bill.

The court now orders that the stockholders meeting be held Dec. 7 and the effect of the order is that it be in charge of and conducted by Chairman Osgood in accordance with the bylaws of the company and the statutes of Colorado.

Gates and his associates have bitterly attacked the officers of the company for the passage of certain bylaws providing the manner in which stockholders meetings should be conducted and have asserted that these bylaws were invalid and passed for the purpose of continuing the present management in power. The court holds that these bylaws are valid.

### LIGHT VOTE CAST.

Georgia Election Passes Off Quietly, Democrats Winning.

Atlanta, Ga., Oct. 2.—The election for governor and state house officials held throughout the state during the day passed off quietly, no organized movement being made against the Democratic ticket, which was elected in full as follows:

Governor, Joseph M. Terrell; secretary of state, Phillip Cook; comptroller general, William A. Wright; attorney general, John C. Hart; treasurer, Robert E. Bark; commissioner of agriculture, O. B. Stevens; school commissioner, W. B. Merritt; prison commissioner, Thomas Eason; assistant justices supreme court, Samuel Lumpkin, A. J. Cobb and John S. Candler.

The vote cast throughout the state was light as compared with the ballots of previous years.

### EN ROUTE TO SCOTLAND.

Railway Engineer Flees From Mexico After a Fatal Accident.

Shelby, O., Oct. 2.—Robert Dhu has arrived in this city en route to Scotland from Mexico, from which country he had to escape by being locked in a sugar car.

Dhu was a locomotive engineer and last August, near Aguas Calientes in the interior of Mexico, his train killed three persons.

### MURDER OF A TEN-YEAR-OLD GIRL.

Marquette, Wis., Oct. 2.—The body of Julia Kachinsky, ten years old, was found in the rear of the blacksmith shop of Joseph Beck in Menominee, Mich., during the day. Last Sunday morning the little girl left for church and had not been seen since. Her body bore marks of violence and about her throat were finger marks, showing that she had been strangled to death. Joseph Beck, the blacksmith, was arrested and charged with her murder.

### EIGHT MEN INSTANTLY KILLED.

London, Oct. 2.—The breaking of a rope attached to a car which was ascending the shaft of a coal mine at Pontypool, Wales, precipitated the car, which contained eight men, 300 yards to the bottom. All were instantly killed.

### A DESPERATE FIGHT.

Two Kills Two Outlaws and Captures Two Others

Muskegon, I. T., Oct. 2.—Deputy United States Marshal Funk and a posse killed two outlaws at Henrietta and captured two others after a desperate fight. One of the captured men is "Jim" Holbrook, a member of "Bert" Casey's band. Both men refuse to divulge the names of the men who were killed. There were five in the gang and the officers surrounded them. In the fight that followed one outlaw escaped. Officers are now pursuing him near Eutaw.

### FATAL DUEL IN FRANCE.

Two Polish Students Fight Over a Trivial Affair.

Paris, Oct. 2.—A fatal duel with pistols was fought at Viroflay, near Versailles, between two Poles named Nicenglewicz and Belkiewicz. At the first fire Belkiewicz was shot through the head. He was removed to a hospital where he died. Both duellists were sons of wealthy merchants in Warsaw and came to Paris to study French. The cause of the duel was trivial, one of the young men having refused to shake hands with the other after a quarrel.

### Fatal Quarrel in Kentucky.

Lexington, Ky., Oct. 2.—Richard Martin killed Harry Wood in a fight resulting from a quarrel over a trivial matter in a saloon. Martin escaped. Wood was shot five times through the breast.
